

## Teachers of Technology (Mandatory) and Food Technology

Are you looking for a fun and exciting challenge for  
Year 7 or Year 8 classes?

# The 2009 Go 4 Grains Kids' Design Challenge

offers a unique opportunity to design FOR A REAL CLIENT!

\*\* Design a **grain-based food product to be produced for the school canteen**  
(*Products - Food Design*)

\*\* Design an **advertising campaign** to communicate the '4+ serves a day'  
message (*Information & Communication- Promotional Design*)

**Teachers are well supported** with a comprehensive kit of information including units of work (3 options) and resources - created by teachers, to fit into your teaching program with a minimum of extra work.

**Students have great fun** designing and creating food products and creating their promotional strategy - to pitch to the client at the Go 4 Grains Celebration event.

---

**DEADLINE EXTENDED: Fax back ASAP**
